Executive Summary

The House completed its mark-up of the FY06 Military Quality of Life bill 23 May 2005 (HR 2528/HRpt 109-95). The Senate completed its mark-up 21 July 2005 (H.R. 2528/SRpt 109-105).

Both bills have been sent to Conference and reconciled. The conferees have passed a single bill that has been approved by both houses of Congress. It is waiting the President's signature to become law. The following table summarizes the major marks:

The following summarizes the major language provisions from the report:

Conference Report Language

The conference agreement appropriates \$316,117,000 for Military Construction, Air National Guard, instead of \$225,727,000 as proposed by the House and \$279,156,000 as proposed by the Senate. The conference agreement also rescinds \$13,700,000 from Public Law 108-324. The conferees direct the Air National Guard to submit by March 31, 2006 a report describing how the rescission of funds in this Act will be applied. This report shall list, by project, the amount of funds to be sourced to such rescission.

Of the funds provided for planning and design in this account, the conferees direct that the specified amounts be made available for the planning and design of the following facilities: New Castle County Airport, Delaware--Replacement C-130 Maintenance Hangar, \$1,440,000; Duluth IAP, Minnesota--Addition to Joint FAA/ANG Fire Station Facility, Phase 2, \$700,000; March ARB, California--Replace Aircraft Maintenance Hangar and Shops, \$960,000; Fresno Yosemite IAP, California--Replace Vehicle Maintenance Complex, \$340,000.

Of the funds provided for minor construction in this account, the conferees direct that \$1,500,000 be made available for the construction of an arm and disarm apron at the end of runway 13 at Atlantic City IAP, New Jersey.
