Executive Summary

The U.S. Joint Forces Command J7 Joint Warfighting Center (JWFC) is the executing office for joint certification of identified joint content since May 2006. To date, United States Joint Forces Command (USJFCOM) has signed certification packages for 347 of 509 identified joint services (up from 342 of 409).

Since April 2007, 1580.5 JQO points have been earned from identified Joint Knowledge services. Of these 576 were earned within the officer community and 1006 from with the enlisted community. Additionally, 1723 points have been earned by DoD and DOS civilians, contractors, and those in an 'Others' category which may overlap with officer and enlisted points if an individual holds both Reserve and Civil Service or contractor status.

Joint Officer Management (JOM) Background

The Department of Defense Joint Officer Management Joint Qualification System Implementation Plan, 30 March 2007, outlines the multi-level joint qualification concept and identifies lead and supporting organizations responsible for operationalizing it effective 1 October, 2007.

Joint Qualified System (JQS)

The Goldwater-Nichols Department of Defense Reorganization Act of 1986 set the criteria for joint positions that the Defense Department has used ever since. The new Joint Qualification System, announced on 30 July 2007, keeps in place the tenets of the act, but allows for the post-9/11 operating environment. The new system, which took effect 1 October 2007, offers an additional “experience-based” track with a point system for recognizing joint service. The original track remains in place, but the second track allows for awarding partial credit or for awarding credit for an expanded list of joint positions. All original educational requirements remain in place, but some credit can be given for additional education, training, and exercises.

The new system recognizes the skills that aid U.S. military efforts to respond to national security threats, as well as interagency, combat operations, and humanitarian crises. It also accounts for the intensity, environment, and duration or frequency of a joint activity. A key change is the ability to award credit to reserve component officers, previously not allowed.

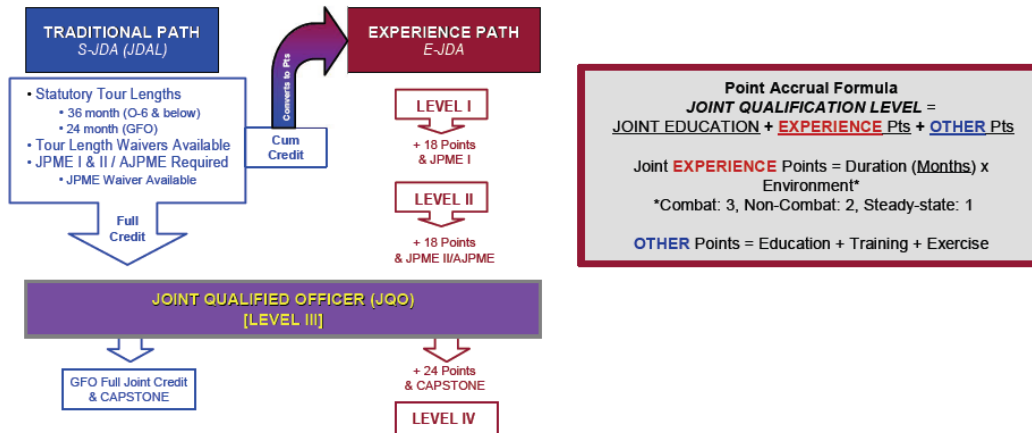

Active-duty officers will be able to recover credit for positions served since 11 September 2001. Reserve component officers who served in qualifying joint assignments from 1 October 1986, until 30 September 2007, may be awarded joint duty credit. As of 1 October 2008, active component officers are required to complete a full joint duty assignment and be designated a joint qualified officer for appointment to the rank of general or flag officer.

Joint Qualification System

The Joint Qualification System (JQS) authorized in NDAA 2007 (Public Law 109-364) provides a dual-track opportunity to earn joint qualifications.

Dual-Track

Joint Qualified Officer (JQO) Points

JKDDC will continue to support the Joint Officer Management (JOM) program in its expansion of breadth and depth through FY09. JKDDC continues to serve as the action office for certification and scoring of individual Joint training in support of the Office of the Secretary of Defense (OSD) chaired JOM board. JKDDC provides outreach and identifies new individual Joint training sources from the Combatant Commands (COCOMs), Services, and Combat Support Agencies (CSAs). As part of the FY08 Program Executive Plan (PEP), JKDDC worked with the Joint Staff and OSD to increase understanding of JQS and its alignment with the Joint Learning Continuum (JLC) within the joint community.

JQO Points are awarded on a basis of 1.0 point per 40 hours of training. For example, completion of a 20 hour joint certified Distributed Learning course is awarded 0.5 JQO points.

The following matrix describes points awarded based on cumulative credit hours within a UJTL task area:

| Hours Training | Number JOQ Points |
|----------------|-------------------|
| <16 hours | 0 points |
| 16 - 39 hours | .5 point |
| 40 – 59 hours | 1 point |
| 60 – 99 hours | 1.5 points |
| >100 hours | 2 points |

Note: 2 points is the maximum authorized.

Appendix A contains the table of the number JQS points earned to date based on an Officer and Enlisted demographic.

JKDDC Total Inventory

JKDDC tracks all identified joint content in the Joint Knowledge Services Database (JKSD), which resides in Joint Knowledge Online (JKO) on the NIPRNET and SIPRNET portals. As of 31 March 2009, there are 509 identified joint knowledge services. Users can search the JKSD by keyword, Universal Joint Task List (UJTL), or J-Code (see Figure 1).

SEARCH JOINT TRAINING Options | Edit

Figure 1. Search Joint Training by Keywords

Once search criteria are entered, the JKSD returns the Courseware Search Results page (see Figure 2). Each column can be filtered by making selections from the drop-down menus. For example, a user can filter results by choosing Community of Interest, Distributed Learning (DL), Institutional Learning (IL), Job Aid, or Mobile Training Team from the 'Course Method' menu.

| Course Title | Global Combat Support System (GCSS) |
| Description | The GCSS Portal is a three-day course of instruction using a SIPRNET Web browser (Netscape, Internet Explorer, or Mozilla). The Portal capabilities vary from querying information, accessing other subject specific links to querying information on Facilities/Locations, Units, Materiel, Personnel, Plans, Transportation, WebQueries, and Lookups for codes for Joint or Service units. Students learn how to drill-down on information and cross functional areas to find related information. Additionally, students will learn how to operate the various portlets within GCSS. |

Figure 3. Course Details

Joint Certification Process

Joint certification originates with Enclosure H of the Joint Training Manual, CJCSM 3500.03B, signed 31 August 2007. In this document, USJFCOM JWFC J7 is identified to lead and manage the joint individual learning content certification process.

The certification criteria are five-fold:

1. Content must meet a joint training requirement
2. Content should not conflict with joint doctrine. In every case, training content must support emerging concepts of high or special interest to the joint warfighting community.
3. Joint training objectives must link to current UJTL.
4. Media must incorporate assessment of each trainee to track achievement of the training objectives.
5. Media must support content assessment as part of life cycle management.

Any entity may identify joint content and provide data to support the five criteria. These criteria are examined, and if found to meet the requirements, a certification package is prepared which outlines the details. The certification package is staffed at USJFCOM J7. Once signed, content is deemed to be Joint certified. A list of the current joint content that has been identified and its certification status is provided in Appendix B.

Requesting Joint certification of courseware is done through an online process using JKO's Joint Information Database (JIDB). The process for requesting Joint Certification of courseware is located in Appendix C.

The JIDB Stakeholders Guide is available for download on the JKO Portal in the JKO Products area of the web page. The JKO Portal is accessed via AKO.

- Login to Army Knowledge Online (AKO) www.us.army.mil
- Select and click "DoD Links." The Defense Knowledge Online (DKO) page will display.
- Select and click "Joint Training." The Joint Knowledge Online (JKO) page will display.
- Select JKO Products...additional JKO Publications.
- The following links (AKO sign on is required) are provided to assist the user is certifying joint courseware.

Appendix C: Joint Information Database (JIDB) Joint Certification Process

The JIDB is the auditable, automated system for managing Stakeholder requirements and budget control. The JKDDC JIDB integrates with the Joint Warfighting Center's (JWFC) JIDB to provide a closed loop, automated system to collect Stakeholder requirements as they are submitted, and to maintain configuration control of requirement submissions as they are processed through the JMO for resource allocation and execution.

The JKDDC JIDB is located at:

URL: [JIDB https://www-secure.jwfc.jfcom.mil/jam/jam.jsp](https://www-secure.jwfc.jfcom.mil/jam/jam.jsp)

There is a three-step process to request Joint certification of courseware:

- Assigning roles: page 4 of the JIDB Stakeholders Guide
- Getting an account: page 6 of the JIDB Stakeholders Guide
- Submitting a request: page 9 of the JIDB Stakeholders Guide

For those submitting a Request for Service (RFS) to certify courseware as Joint, there are two primary roles of interest. They are:

Submitter Role

- Allows a Stakeholder to submit an RFS to JKDDC.
- Assigns Drafter access to individuals within the Stakeholder's organization.
- This role is usually a military or government civilian with the authority to make commitments for their Stakeholder organization. This might be the Senior Representative to the JKDDC Working Group or someone designated by them.

Drafter Role

- Allows an individual to draft, but not submit, an RFS.
- This role can be used for any member of a Stakeholder's organization who has a need for JKDDC support and is approved by and has been granted access by the organization's Submitter, for example, a training officer.

To access the JWFC JIDB you need a JFCOM account (this is **NOT** a JKO/DKO account). There are two types of JFCOM accounts:

- A JFCOM network account, used by internal JFCOM personnel.
- A JFCOM **Webgate** account, used by external Stakeholders.

1. To request a JFCOM **Webgate** account, navigate to the following URL:

<https://www-secure.jwfc.jfcom.mil/login/wgRequest.jsp>

2. Fill in all of the fields circled in green below, using the POC information as indicated, and submit. You will be notified via email when your **Webgate** account has been created.

| User Account Request | | | |
|----------------------------|---|---|--|
| Email: | <input type="text"/> | Re-type Email: | <input type="text"/> |
| Password: | <input type="text"/> | Re-type Password: | <input type="text"/> |
| Service Number/SSN: | <input type="text"/> | Note: You are not required to provide your SSN, however it is requested to facilitate registration to events and to access JFCOM personnel system(IRIS). | |
| Rank: | <input type="text"/> | First: | <input type="text"/> |
| Mi: | <input type="text"/> | Last: | <input type="text"/> |
| Phone: | <input type="text"/> | DSN: | <input type="text"/> |
| Job Type: | Select Job Type <input type="text"/> | | |
| Country: | United States <input type="text"/> | | |
| POC Name: | <input type="text" value="David Cuneo"/> | Note: A JFCOM Government POC is required as your sponser for a WebGate account. | |
| POC Phone: | <input type="text" value="(757) 203-5568"/> | POC Email: | <input type="text" value="david.cuneo@jfcom.mil"/> |
| POC Org: | <input type="text" value="USJFCOM JKDDC"/> | | |
| Event or Exercise: | | <input type="text"/> | |
| Comment: | <input type="text" value="Access to JKDDC JIDB"/> | | |

NOTE: Email, Password, Last, First, Phone, Job Type, and POC Name are required fields.

You will be notified via email when your **Webgate** account has been created.

Following receipt of the **Webgate** account, you must log in to the JIDB to submit the RFS.

- Log on to the JIDB application using the following URL:

<https://www-secure.jwfc.ifcom.mil/jam/jam.jsp>

- The first time you log on to the JIDB you will be prompted to enter the following profile information.

Java Applications Module: *Manage Profile*

**You must sign in to access your applications.
Please verify and save your personal user information.**

Maintain Your Profile

Primary Information

* First Name:

Middle Name:

* Last Name:

Contact Information

* Phone:

* E-mail:

* denotes a required field

You user name will be added to the JKDDC JIDB module, but you will not have your JKDDC JIDB role (and therefore no access within the JKDDC JIDB module).

Obtaining your JIDB Role

If your role is Drafter, contact your organization's JIDB representative (the person with the JKDDC JIDB Submitter role) to be granted access to the JKDDC JIDB module.

If your role is Submitter, send an email to the JIDB Manager at neil.rish.CTR@jcom.mil to be granted Submitter access.

When your appropriate role has been established, log in to the JIDB and complete a Number 11, Course Certification, and Request for Certification of Joint Content (residential courses, job aids, distance learning not on JKO).

JKDDC will apply the following JIDB process as appropriate to the specific request.
