Document Change Summary

These items were changed to reflect new document content (based on the USJFCOM Joint Qualification Report published 31 March 2011).

- **Title Page:** updated appropriate dates
- **Executive Summary:** updated number of active courses; added information concerning the status of the Joint Course Certification program.
- **Joint Matters:** updated the definition of joint matters as modified in the 2011 NDAA.
- **Appendix A:** added newly certified courses; and moved appropriate courses to Appendix B (based on course certification expiration dates, re-certification process, etc.).
- **Appendix B:** added /updated appropriate courses to Appendix B (based on course certification expiration dates, re-certification process, etc.).
- **Appendix C:** added list of identified Joint Exercises.

Executive Summary

In August 2011, this program transitioned to Joint Staff, DD J7 Joint and Coalition Warfighting (JCW). Due to personnel changes during the transition, no report was published for 3rd Quarter FY 11. This publication will capture all information during that period.

To date, JCW lists 141 active joint certified courses (includes courses undergoing the joint re-certification process – reference Appendix B).

Also included in this report are the exercises that qualify for joint credit.

Joint Officer Management (JOM) Background

The Department of Defense Joint Officer Management Joint Qualification System Implementation Plan, 30 March 2007, outlines the multi-level joint qualification concept and identifies lead and supporting organizations responsible for its operations effective 1 October 2007.

Joint Qualified System (JQS)

The Goldwater-Nichols Department of Defense Reorganization Act of 1986 set the criteria for joint positions that the Defense Department has used ever since. The new Joint Qualification System, announced on 30 July 2007, keeps in place the tenets of the act, but allows for the post-9/11 operating environment. The new system, which took effect 1 October 2007, offers an additional "experience-based" track with a point system for recognizing joint service. The original track remains in place, but the second track allows for awarding partial credit or for awarding credit for an expanded list of joint positions. All original educational requirements remain in place, but some credit can be given for additional education, training, and exercises.

The new system recognizes the skills that aid U.S. military efforts to respond to national security threats, as well as interagency, combat operations, and humanitarian crises. It also accounts for the intensity, environment, and duration or frequency of a joint activity. A key change is the ability to award credit to reserve component officers, previously not allowed.

Active-duty officers will be able to recover credit for positions served since 11 September 2001. Reserve component officers who served in qualifying joint assignments from 1 October 1986, until 30 September 2007, may be awarded joint duty credit. As of 1 October 2008, active component officers are required to complete a full joint duty assignment and be designated a joint qualified officer for appointment to the rank of general or flag officer.

Joint Qualification System

The Joint Qualification System (JQS) authorized in NDAA 2007 (Public Law 109-364) provides a dual-track opportunity to earn joint qualifications.
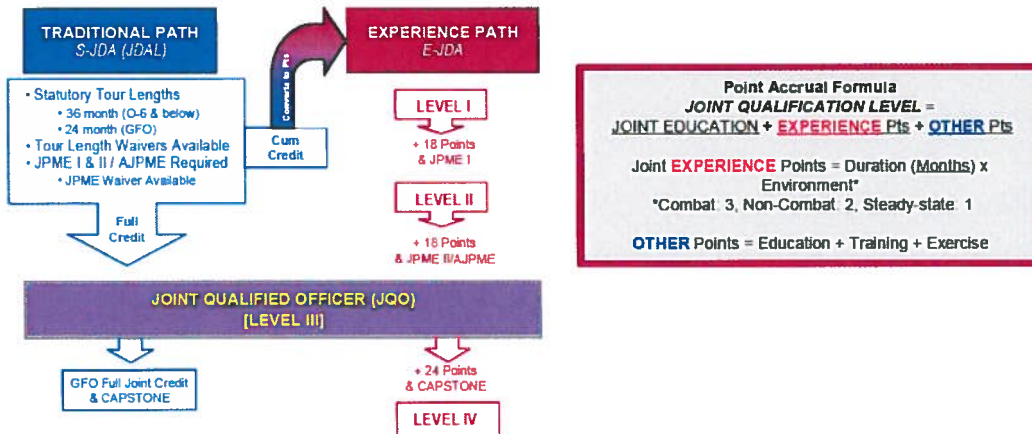

Joint Qualified Officer (JQO) Points

Joint Staff, J7 serves as the action office for certification and scoring of individual Joint training in support of the Office of the Secretary of Defense (OSD) chaired JOM board. It provides course certification outreach, identifies new individual Joint training sources from the combatant commands, Services, and Combat Support Agencies and monitors exercises for joint credit.

The following matrix describes points awarded based on cumulative credit hours:

Hours Training	Number JQO Points
<16 hours	0 points
16 - 39 hours	0.5 point
40 – 59 hours	1 point
60 – 99 hours	1.5 points
≥ 100 hours	2 points

Note: 2 points is the maximum award.

Joint Qualification System Primer

The JQS provides Active and Reserve component officers an opportunity to earn joint qualifications upon completion of the requisite joint professional military education **and** completion of a full tour of duty in a joint assignment (via either the *standard path* or the *experience path*). [NOTE: "Standard path" equates to serving in a Joint Duty Assignment List (JDAL) position. "Experience path" means services in a non-JDAL position for which an officer may request the experience be considered for award of joint experience points.]

Service Competencies
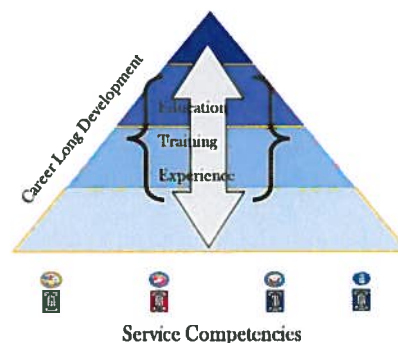

Levels of Joint Qualification

The JQS offers four (4) levels of joint qualification [Level I, Level II, Level III (also known as "Joint Qualified Officer (JQO)," and Level IV] to recognize the career-long accumulation of joint knowledge, skills, and abilities.

LEVEL	CRITERIA
I	a. Awarded upon joint certification of pre-commissioning <u>and</u> basic officer course completion. -- These courses provide learning objectives dealing with "Joint Introduction and Awareness". b. Junior Officers are focused on Service competencies. c. Qualification points begin to accrue following commissioning via opportune joint experiences, joint training, joint exercises, and other education.
II	a. Awarded upon completion of JPME Phase I, accrual of 18 points, and certification by the CJCS. b. A minimum of 12 points must come from "Joint Experience" c. Discretionary points may be derived from joint experience, joint training, joint exercises, and other education. NOTE: Officers who have Full Joint Tour Credit and have completed JPME Phase I are automatically designated as Level II.
III	a. Awarded upon completion of JPME II or AJPME (Reserve Component officers), accrual of a minimum of 36 total points and certification by the Secretary of Defense (or his designee). b. Recency requirement: a minimum of 12 "Joint Experience" points must have accrued since award of Level II c. Discretionary points may be derived from joint training, joint exercises, and other education d. Formal designation: Joint Qualified Officer (JQO) e. Effective 30 Sep 2008, JQO required for appointment as an O-7 (AC Only)

IV **G/FO Only**	a. Awarded upon completion of CAPSTONE (AC only) and accrual of 24 joint experience points or full joint G/FO credit from an assignment in a G/FO joint billet in OSD/JS/ Combatant Command HQs/ JTF HQs, Defense Agency HQs, hold designation as a JQO, and certification by the Secretary of Defense or his designee. b. Officers must be a G/FO (for pay purposes) for at least one (1) day while filling the G/FO S-JDA or during the period for which joint experience points are earned.

Joint Qualification - Standard Path

- Assignment to a position listed on the JDAL is considered to be the "standard path" to earning joint qualifications. JDAL positions are selectively filled based on screening by the Services and the joint organizations. Generally, officers serving in a JDAL position are O-4 and above.
- Except for assignments terminated by joint duty tour length waivers or for one of the reasons listed in Enclosure 7 of DoDI 1300.19, Active Component and full-time Reserve Component (RC) officers in grades O-6 and below must complete at least three (3) years and G/FOs must complete at least two (2) years in order to earn "full" joint duty credit.
- The tour length for RC officers who perform duty periodically in a JDAL position is set at six (6) accumulative years for O-6s and below (initial assignment not less than three (3) years) and four (4) cumulative years for G/FOs (initial assignment not less than two (2) years). DoDI 1300.19, Enclosure 13 details the RC joint qualification program.
- A tour of duty in which an officer serves in more than one joint duty assignment without a break between such assignments shall be considered to be a single tour of duty in a joint duty assignment.

Joint Qualification - Experience Path

- Officer in the grades of O-1 through O-6 may self-nominate their experiences and request award of "joint experience points" by going to:

  https://www.dmdc.osd.mil/appj/jmis/JQSindex.jsp

- Submissions are first screened and vetted by the Service Joint Officer Management (JOM) and Personnel/Human Resource staffs before being forwarded to the Joint Staff for evaluation by a Joint Experience Review Panel.
- **The Joint Experience Review Panel is chaired by DJ-1 and composed of senior officers representing the Services.**
  - **The Panel may: (1) recommend disapproval of the experience as clearly not having met the standard; (2) validate the experience as meeting the standard and determine the intensity factor to be applied; or (3) take no action.**

- The Panel forwards a <u>recommendation</u> that officers with validated joint experiences be awarded joint experience points by the Chairman of the Joint Chiefs of Staff; recommendations for disapproval are also forwarded. The Vice Director, Joint Staff, has been delegated approval authority on behalf of the Chairman.
- Officers in the grades of O-7 (or O-7 select) should contact their Service General or Flag Officer Matters office for details on how to self-nominate experiences.

Joint Matters – Statutory Definition

Whether validating a position for placement on the JDAL or validating individual experiences, the criteria that must be met in the statutory definition of "joint matters" – both "*what you do*" and "*who you do it with*" aspects:

1. **WHAT**: <u>Matters related to the achievement of unified action</u> by integrated military forces in operations conducted across domains such as land, sea or air, in space, or in the information environment, including matters relating to:

a. National military strategy;
b. Strategic planning and contingency planning;
c. Command and control of operations under unified command;
d. National security planning with other departments and agencies of the United States; or
e. Combined operations with military forces of allied nations.

2. **WHO**: In the context of joint matters, the term "integrated military forces" refers to military forces that are involved in the planning or execution (or both) of operations involving participants from

a. more than one military department; or
b. a military department and one or more of the following:
   (1) Other departments and agencies of the United States;
   (2) The military forces or agencies of other countries; or
   (3) Non-governmental persons or entities.

Joint Certification Process

The CJCSI 1330.05 Joint Officer Management Programs and Procedures states the Director for Joint Force Development (J-7) will identify, maintain, and publish a list of **joint exercises** that have direct relevance to the definition of joint matters on at least an annual basis.

The CJCSI 3500.03F, Enclosure F, states the requirements for a course to be certified as joint. The **joint course certification** criteria are cited below:

a. Content must meet a joint training requirement that supports a joint operational need as identified in a Combatant Commander's joint training plan, or any other authoritative joint document.

b. Content must be IAW current joint doctrine.

c. Learning objectives must link to current Universal Joint Tasks (UJTs).

d. Course must have an assessment that tests and documents a learner's achievement of the training objectives. The course must have an evaluation standard, such as pass/fail or minimum score.

e. Course must have a lifecycle maintenance plan. Courses that have been certified as joint must be reviewed, updated, and recertified regularly to reflect revisions in joint doctrine, time-sensitive information, and/or content modifications to ensure content currency and accuracy.

f. Course should support the interest of two or more Military Departments and be accessible to all Service personnel who meet course requirements. Ideally, the intent is for all Services to be able to accept the program of instruction as meeting appropriate course content.

g. Joint course instructors must possess relevant experience and knowledge of joint operations and/or activities related to the course.

h. Course should not duplicate existing material.

Any entity may identify joint content and provide data to support the eight criteria. These criteria are examined, and if found to meet the requirements, a certification package is prepared that outlines the details. The certification package is staffed at JSJ7/JCW.

Once signed, content is deemed to be Joint certified. A list of the current joint content that has been identified and related certification status is provided in Appendix A.
