ENCLOSURE 3

PROCEDURES

1. CRITERIA FOR ESTABLISHING THE SERVICE REQUIREMENT FOR A SATISFACTORY YEAR OF SERVICE FOR NON-REGULAR RETIREMENT

a. Qualifying Years of Satisfactory Service. A qualifying year of service for non-regular retired pay is a full-year, as described in paragraphs b and c of this section, during which a member of an AC or RC is credited with a minimum of 50 retirement points. An accumulation of 20 such years, except as otherwise provided by law, is one requirement necessary to qualify for non-regular retired pay.

b. Establishment of an Anniversary Year

(1) The full-year periods used for the crediting of qualifying years for non-regular retirement must be based on anniversary years as set out in this instruction.

(2) Except as noted in paragraph d of this section, anniversary year periods are calculated from an anniversary date. The date to determine the anniversary year is established by the date the Service member entered into active service or active status in an RC.

c. Adjustment to Anniversary Years

(1) The month and day of the start date for each successive anniversary year will not be adjusted unless the Service member has a break in service. There will be no break in service if the Service member transfers directly to another AC or RC.

(2) When a Service member with a break in service returns to an active Reserve status or to active service, the revised anniversary year start date will be the date of return or reentry.

d. Exceptions to Calculating Anniversary Years

(1) In the case of an officer with service as a cadet or midshipman at a Service academy in accordance with chapters 403, 603, or 903 of Reference (c), or in a Senior Reserve Officers' Training Corps program in accordance with sections 2104 and 2107 of Reference (c), the date for the start of a Service member's initial anniversary year will be established by the date the Service member entered into active service or active status minus any service as a cadet or midshipman.

(2) In the case of an enlisted member of a Military Service who served as a cadet or midshipman at a Service academy in accordance with chapters ~~403-603 or 903~~ 403,603 or 903 of Reference (c) but who did not receive or who does not hold a commission as an officer, the service as a cadet or midshipman at a Service academy must be included and counted as active duty.

e. Credit for Partial Years of Service

(1) A Service member who has a break in service that occurs during an anniversary year will be credited with a partial year of qualifying service for non-regular retirement.

(2) When, as a result of a break in service, a partial year occurs, the Service member must meet the minimum retirement point requirements set out in this instruction for the Service member's service to be credited as a partial year towards a qualifying year. A partial qualifying year is any period less than 12 full-months in which the retirement points credited to a Service member, when computed proportionally, are equal to or greater than 50 retirement points. Calculation of credit for a partial year will be made according to the schedule in Table 1.

Anniversary dates established or revised after this date, including anniversary dates for AC members, will be based on procedures established in this instruction.

2. RESERVE SERVICE REQUIREMENTS TO QUALIFY FOR NON-REGULAR RETIREMENT

a. Non-Regular Retirement Qualification. To qualify for non-regular retired pay, at or after the age specified in section 12731 of Reference (c), a Service member must have completed 20 years of qualifying service.

(1) For the Service member who completed the years of qualifying service before October 5, 1994, the last 8 years of such qualifying service must have been in an RC.

(2) For the Service member who completed the years of qualifying service on or after October 5, 1994, but before April 25, 2005, the last 6 years of such qualifying service must have been in an RC.

(3) For the Service member who completed the years of qualifying service on or after April 25, 2005, there is no minimum RC service requirement.

(4) The 6 or 8 years of qualifying service of paragraph a (1) and a (2) of this section are not required to be continuous service.

(a) Any period of service as a member of an AC intervening between periods of Reserve service counted toward the 8-year requirement of paragraph a (1) of this section or the 6-year requirement of paragraph a (2) of this section must be excluded in determining whether the Service member has 20 years of qualifying service for eligibility for non-regular retired pay in accordance with Decisions of the Comptroller General, File B-111903 (Reference (gh)).

(b) Service in an AC during a partial year will be treated in the same manner as 1 full-year of service in this respect.

b. Special Rule for Service Members with Physical Disabilities Not Incurred in the Line of Duty. As described in section 12731b of Reference (c), the Secretary concerned may determine that an RC Service member with at least 15 (but less than 20) years of qualifying military service as computed under section 12732 of Reference (c) has met the service requirements of section 12731(a)(2) of Reference (c) if that member is to be separated from the Selected Reserve solely because he or she is unfit because of a physical disability. This special rule will not apply if the disability:

(1) Was caused by the Service member's intentional misconduct, willful neglect, or willful failure to comply with Service-established retention standards and qualifications.

(2) Was incurred during the period of an unauthorized absence.

bc. Non-Regular Retirement Qualification of a Service Member Entitled to Regular Retired or Retainer Pay. A Service member, after becoming eligible or entitled to Regular retired or retainer pay, who serves in an active status as a member of the Selected Reserve of the Ready Reserve, may apply for Reserve retired pay in accordance with chapter 1223 of Reference (c) on or after attaining the age specified in section 12731 of Reference (c), as prescribed in section 12741 of Reference (c).

(1) After April 27, 2001, and before October 28, 2009, the Service member described in paragraph **bc** of this section is exempt from any RC service requirements.

(2) On or after October 28, 2009, the Service member described in paragraph **b c** of this section must complete not less than 2 years of satisfactory service in an active status, excluding any period of active service.

(3) The Service member described in paragraph **bc** of this section is exempt from the limitation in section 12731(a)(4) of Reference (c) that he or she not be entitled to retired pay from an armed force or retainer pay as a member of the Fleet Reserve or the Fleet Marine Corps Reserve.

(4) The Secretary concerned may reduce the minimum 2 year active status service requirement specified in paragraph **bc(2)** of this section in the case of a Service member who:

(a) Completed at least 1 year of service in a position of adjutant general pursuant to section 314 of Title 32, U.S.C. (Reference (**hi**)) or in a position of assistance adjutant general subordinate to such a position of adjutant general.

(b) Failed to complete the minimum years of service solely because the appointment was terminated or vacated as described in section 324(b) of Reference (**hi**).

3. ELIGIBILITY FOR RETIREMENT POINT CREDIT FOR NON-REGULAR RETIREMENT. Service members in the following categories are eligible for retirement point credit:

a. Members of an AC or RC in active service.

b. Members of an RC in an active status as defined in section 10141 of Reference (c). This includes service in a Delayed Entry Program established by section 513 of Reference (c), credited toward non-regular retirement since it is service in an active status as a member of the Ready Reserve.

c. Members of an RC in a retired status, except for the active service retiree who has not served in an active status in accordance with section 12741 of Reference (c) detailed in paragraph **2bc** of this enclosure, may be credited with active or inactive duty service.

d. Members of an RC in an inactive status in accordance with section 10152 of Reference (c) may not be credited with service for retirement pursuant to section 12734(a) of Reference (c). Individuals who have completed the service requirement for retired pay and have not attained the age specified in section 12731 of Reference (c), may be transferred to an inactive status, but may not receive retirement point credit in that status.

e. Members of the Army National Guard and Air National Guard who performed State active duty service covered by section 514 of Public Law (PL) 109-163 (Reference (**ij**)), or section 523 of PL 109-364 (Reference (**jk**)), must be credited with active service in accordance with section 12732(a)(2)(A)(i) of Reference (c).

(1) State active duty creditable as federal active service in paragraph e of this section is full-time State active duty performed on or after September 11, 2001, and before October 1, 2002, in any of the covered counties listed in paragraph e (2) of this section.

(4) The Military Services may sponsor military seminars, symposiums, and similar assemblies (hereinafter referred to as "meetings"), either separately or in connection with professional meetings, as a means of conducting Reserve training or instruction. Retirement points may be granted to a member of the Ready Reserve attending such a meeting only when the meeting is designated by the Secretary concerned as being of such military value that the instruction received would enhance the Service member's professional development and broaden either the Service member's qualifications for duties to which he or she may be expected to be assigned upon mobilization or the qualification of those whose work the Service member may supervise. The *following* conditions ~~in paragraphs b (4) (a) through b (4) (d) of this section~~ must apply:

(a) The meeting lasts at least 4 hours. A maximum of one retirement point per day of the meeting will be credited.

(d) The Service member's participation is without remuneration other than the pay to which the Service member may be entitled as a member of an RC.

(5) A member of the Individual Ready Reserve or the Standby Reserve in an active status may participate in civil defense activities as outlined in ~~e~~Enclosure 7 6 of Reference (*ed*), and may be credited with retirement points ~~as specified in paragraphs b(5)(a) through b(5)(f) of this section~~ *if the activities meet the following conditions:*

(a) A period of IDT of duration to be determined by the Federal Emergency Management Agency, but at least 4 hours.

(b) Training will consist of civil defense work at a duly scheduled work formation in an officially designated location under active supervision.

(c) Wearing of the uniform will be optional with the Service member (this does not constitute a basis for a claim for uniform maintenance allowance).

(d) A maximum of 2 retirement points for IDT may be credited per day.

(e) In no case will more than 1 retirement point be credited for less than 8 hours.

(f) Each volunteer Service member will furnish his or her respective (county, city, State, region) Civil Defense Director a certification form, which will be signed by the Civil Defense Director attesting to the individual's satisfactory work performed and hours worked. This form will be submitted each month or quarter in accordance with appropriate Military Department regulations.

(6) One retirement point will be credited to a member of the Selected Reserve upon successful completion of non-resident training and education in an active status for each 4 hours of pay received in accordance with section 206(d)(2) of Title 37 U.S.C. (Reference (~~k~~ l)), as specified in paragraphs b(6)(a) through b(6)(c):

(a) The use of electronic-based distributed learning methodologies must have been identified and directed by the Secretary concerned for the purpose of accomplishing unit readiness or mobilization training requirements and completed in a non-duty status.

(b) Each period of non-resident training and education using electronic-based distributed learning methodologies must be at least 4 hours and completion is certified by the Service member.

e. HPS/FAP. Members of the Selected Reserve who satisfy the requirements of the HPS/FAP for active service pursuant to section 2126 of Reference (c) will be credited with 50

retirement points for each year of participation in a course of study. The points will be credited to the member at the end of each year after the completion of the course of study that the member serves in the Selected Reserve and is credited with at least 50 retirement points. The points will be recorded as having been earned in the year of the participation in the course of study. The award of service credit is limited to 4 years of participation in a course of study under the HSP/FAP.

f. Retirement Point Credit Limitation

(1) Retirement points credited for activities other than active service or Funeral Honors Duty may not exceed:

(a) For any 1 anniversary year closing before September 23, 1996: 60 retirement points.

(b) For anniversary years closing on or after September 23, 1996, but before October 30, 2000: 75 retirement points.

5. REDUCED ELIGIBILITY AGE FOR RECEIPT OF RETIRED PAY FOR NON-REGULAR SERVICE

a. duty or performs active service in any fiscal year within the timeframes specified in paragraphs b(1) or b(2) subject to paragraph e e of this section.
