

TRICARE® Extended Care Health Option

Providing services for active duty family members with special needs

The TRICARE Extended Care Health Option provides supplemental services to active duty family members with qualifying mental, developmental, or physical disabilities. ECHO offers integrated services and supplies beyond those offered by your TRICARE program option, such as TRICARE Prime and TRICARE Select.

Active duty sponsors with family members seeking ECHO services must sign up for their service's Exceptional Family Member Program (unless waived in specific situations) and register for ECHO with their regional contractor to be eligible for ECHO benefits. For more information about EFMP, contact your service branch's EFMP representative, or go to www.militaryonesource.mil/efmp.

There's no retroactive registration for ECHO. You must get pre-authorization from your regional contractor for all ECHO services. Contact your regional contractor to enroll in ECHO, or visit www.tricare.mil/echo.
